Headmaster's Report of Lisbon High School

1945 - 46

The Lisbon High School Register for the year 1944-45 showed a total of 111 pupils; 35 were carried on the Junior High School Register. One hundred were shown to be attending High School for the year 1945-46; 42 were carried in the Junior High School.

Seventeen were graduated in June, 1945. Of that number three are pursuing post-secondary education at higher institutions of learning (two at Plymouth, and one at Keene). Five are in the armed service; two are married; the remainder are serving locally in various positions.

The faculty has changed somewhat from last year. Mrs. Elese Tarris of White River Junction is teaching Seventh and Eighth Grade subjects. Mrs. Mary Main (nee Dearborn) taught the social sciences to Thanksgiving recess and Mr. Munro Grandy of Lebanon is now teaching her classes. Miss Mary Fitzgerald of Chicopee, Mass., is now teaching in the English department. Miss Eunice Hawkins has also been added as a member of the faculty, teaching all of the high school French. Older faculty members include: Mr. Olin Swett, submaster, teacher of math and shop; Mrs. Marjorie Peterson (Martin), the commercial department; Mrs. Emma Swett, the home economics department; and Headmaster Eben B. Hutton, economics, civics and seventh grade English.

Two new courses have been introduced this year: French III is now available to all students, as is a course in general science. The latter will be compulsory for freshmen in 1946-47 and biology or physical geography will be compulsory for all sophomores. The physical equipment of most departments has been substantially increased. The visual aids department now boasts a total

of 73 film strips as a permanent library. The movie projector is used regularly by the various high school departments. New typewriters have been ordered and will replace older machines as soon as it is possible to obtain their release. Miss Hawkins has been doing a grand piece of work in establishing a sound basis for the development of a real school library.

The penny milk program was again resumed. Difficulty has been encountered in receiving physical material for the supply of milk to the school. Federal aid has again been acquired and the assistance of the school board has made milk available to all elementary children.

As a health measure the school sponsored the the giving of the Patch test. The services of Dr. Eaton, with Miss Clough's assistance, were secured. This step was but a natural one in the general nationwide effort to stamp out tuberculosis. A very fine spirit of cooperation was evidenced and the canvass of the school and community was declared successful by those in charge. The school recognizes that health education is a necessary factor and is making an effort to do what it can do — reasonably.

Interscholastic activities have been maintained. Last year's basketball teams were coached by Miss Beverley Moffet and Mr. Hutton. This year's teams are coached by Miss Dorothy Merrill and Mr. Grandy. Mr. Swett had charge of the boys' baseball team last spring and Mr. Hutton conducted an interschool softball league for girls.

The 'Echo', the school paper, has been issued four times annually. The school paper has done much to carry favorable impressions of Lisbon to many corners of the State of New Hampshire and sundry points of New England. There are 37 advertisers and 15 schools exchanging publications with this school. The community has

reason to be proud of this publication which so graciously introduces Lisbon wherever it goes. Many very favorable comments from outside have been received. The "ad" department this year has done a superlative job in presenting Lisbon's business concerns.

Two new ventures have been tried during the past year—both under the general supervision of the home economics department and Mrs. Emma Swett. A style show was conducted last spring at the school and was open to the public. A hobby show was conducted at the school in December and was largely open to the high school and elementary school pupils. Each was a distinct success. Such affairs afford an opportunity to visit school. You not only see an interesting program, but have the opportunity to visit our regular classes.

The music interest is continuing at a very high level. Especially strong assembly programs have been conducted for stimulation of music interest. Mr. Lawrence Danforth has created an intense interest in his drum corps and band groups. The Drum Corps did not march on Memorial Day because of rain but was ready. The Corps did go to Littleton for a football game; it played for the victory bond rally in December. Plans are being made to have Lisbon represented at the Newport State audition in the spring. The school hopes to procure more drums and bugles. All expenses of the corps are borne by the high school proper, Mr. Danforth's remuneration excepted. No public school money has been allocated to this department, and the expenses—about \$120—have been underwritten by the school itself.

Mrs. Doris Buswell has been with us again this year. The school has been extremely fortunate to have the services of an accredited music supervisor. Efforts have been expended toward the creation of more active participation in choral singing by the boys. An operetta will be given in early spring. Mrs. Buswell has been appoint-

ed manager for the fourth consecutive year of the all-state chorus for the annual music festival. She is taking students from LHS to participate. She is also assisting at the New England festival at New Britain, Conn. The singing of the glee club at the senior play was well received by music lovers of the town.

The Entre Nous parties continue with excellent deportment and success. The Student Council has been meeting regularly and has made positive suggestions for better relationships. The senior play this year was ably coached by Miss Mary Fitzgerald. "Jane Eyre" was favorably received by many. A serious play and a lighter comedy should be the pattern to be followed by amateur thespians. The commercial department has continued with the conducting of war and liberty bond drives. The town again has just cause to be proud of its future citizens, who have bought \$14,135.80 of stamps and bonds for safeguarding democracy and democratic principle. The Minuteman Flag has been flown daily beneath Old Glory from the early days of the war —indicative of Lisbon's 90 per cent or better participation in monthly purchases. Class rings have again been ordered from the Balfour Company. The annual school picnic was held at Ogontz. The poppy poster program was conducted again last spring.

Lisbon High school still needs a shop program for boys. The school is abreast of the modern educational trends. Gradual changes instituted during the past few years reveal a program has been developed which closely conforms to the recent much-publicized revisions desired among secondary schools. Electives for boys could immeasurably be bolstered through the institution of a four-year shop course, which would make available the now generally accepted pattern of education. Improvement in divisional groupings could also be made in the seventh and eighth grades. The matter is being given

consideration and it is hoped that material progress will be noted here before another year has passed.

The education for future citizenship is the responsibility of the entire community. The school is bending every effort to do all that it can. The active interest on the part of Lisbon's citizenry will materially aid in this work. The weekly publicity in the "Courier" is intended to keep the public informed of school activities. This report is intended to give the general over-all pattern of the educational program.

In closing this, my second report of Lisbon High school, may I again thank all who have in any way helped to promote the program for Lisbon youth. Your active interest makes possible the realization of the designated function of the school proper.

Respectfully submitted,

EBEN B. HUTTON, Headmaster

Report of the Librarian of
LISBON PUBLIC LIBRARY

The circulation of books at the library during 1945 was somewhat larger than for the past few years and as conditions become more normal should continue to increase.

A great deal of reference work was done in the library especially by pupils from the schools. Books were borrowed from the State Library to meet local deficiencies. The librarian is always glad to confer with the teachers and supply as far as possible, any material requested.

The book shelves in the children's room have become badly crowded and two new book cases have been ordered which will relieve the congestion.

The book committee met every other month and endeavored to keep the library supplied with books most in demand as well as others of interest and information. This committee is always glad of suggestions, so if you have any, hand them in.

Books have been given by Miss Hibbard, Mr. Suttie, Mrs. Barbour, and Mrs. Webb.

Magazines have been contributed by Mrs. Miller, Mrs. Dennison, Mrs. Aldrich, Mrs. Webb, Mrs. Barbour, Mr. Foley and the Grange.

Report of the Librarian
RICHARDSON MEMORIAL LIBRARY
Sugar Hill, N. H.

To The Board of Trustees:

During the year 1945 the Richardson Memorial Library had an attendance of 1190 and circulated 1300 books and 61 magazines. Our attendance, of course, is greatly helped during the summer months because of the guests from the hotels, summer residents and those employed at the hotels, the latter using the library quite extensively.

There were approximately 200 books added this past year not counting those donated. The new books include juveniles, religious, non-fiction and fiction. We also added a new reference set, The American Educator, which has been on loan to the Sugar Hill school since September and will be returned to the library at the close of the school year.

A suggestion made by Mrs. Homer Aldrich last summer that I try a short reading period at the library every two weeks for the first and second grade pupils was adopted commencing with September, and I am happy to report has been quite successful. I would also like to mention that due to the efforts of the teachers at Sugar Hill school the children of the community have become considerably more interested in reading and are using their library to a greater extent. The upper grade room designed posters for Book Week and prizes were awarded for the three most outstanding posters.

Donors to the Richardson Memorial Library include Mrs. Warner Fobes, Mr. Joseph Fobes, Mrs. Arthur S. Walcott, Mrs. Lawrence Gilman, Mrs. Anderson, Mrs. Carl S. Hoskins, Mrs. Richard Meyer, Mrs. Mabel Pazolt, Mr. Enzo Serafini, Mrs. Fontelle Elliot, and Mr. J. W. Weaver.
